Phone: 304-526-9105 or Fax: 304-526-9360

Barboursville School:

Specific information: Due to the highly structured environment at Barboursville School, effective coordination and communication between the home community and Barboursville staff is paramount. DHHR workers/parents must attend monthly treatment teams to ensure a successful treatment stay and discharge arrangements.

Bridge Program:

Specific Information: Program designed for children who have been emotionally, physically and/or sexually abused.

30 Day Chemical Dependency Program:

Specific Information: Program designed for male and female adolescents with Substance abuse issues.

Roundtable Program:

Specific Information: Program designed for adolescent males who have sexually acted out towards others.
